newest space for art

Located at the lower east end of Valletta, Valletta Contemporary is an innovative project for the Maltese contemporary art scene that opened its doors to the public in April 2018. Architecturally, this new space engages with an old one whilst retaining the latter's fundamental aesthetic character, serving also to regenerate the east-end of the city.

Valletta Contemporary promotes quality and excellence in the practice and appreciation of contemporary art. The space was conceived as a home for cultural dialogue. With its lofty volumes and pared-back materiality, the gallery houses contemporary art of varying scope, size and medium. Establishing a number of collaborations with local and international institutions and collectors, VC runs regular outreach programs, as well as diverse educational and knowledge-sharing initiatives which involves both practicing artists as well as the local community. It encourages the enjoyment of artworks through its retail facility, which is designed to support the work of Maltese and international emerging artists and designers. Visitors are exposed to work by world-renowned artists, with exhibitions that showcase a range of artistic disciplines and themes – from fine art photography, to kinetic light sculpture, video art, and large-scale sculptural installations.

Valletta Contemporary is a place where one may experience the uniting of the past and the present; that is, contemporary art in a city with a rich historical background. If you are thinking about holding your next business or private function at Valletta Contemporary, our exhibition spaces are available to hire. All spaces are fully accessible, with in-house technical support, and audio-visual equipment also available to hire.

Imagine hosting your event in a place of outstanding architecture with a strong aesthetic character merging past and present in a bright space filled with remarkable contemporary art

A renovated building that lives for the excitement of contemporary art

Next time you are looking for a new and extraordinary venue to host your event, come to Valletta Contemporary; a state-of-the-art building located in the lower east end of Valletta, only a short stroll from St John's Square.

Valletta Contemporary was designed by its director (artist and architect) Norbert Francis Attard - using a combination of sophisticated materials, finishes and spectacular open volumes. A stunning double-height main space with vaulted ceiling provides a unique backdrop for private and corporate events with a capacity of up to 200 guests.
